TEXAS LEGISLATURE.

The Senate Almost Unanimously
Passes the Libel Bill.

THE TEXT BOOK BILL

Senate Committee Recommends That It
Be Made Applicable to All Cities.
Double-Header Measure Reported Favorably.

Austin, Feb. 7.—The senate passed the libel bill yesterday. The senators with one exception, practically agreed to accept Mr. Staples' amended bill with some slight changes. Mr. Savage withdrew his substitute and Mr. Staples' amended bill, with the changes mentioned, was finally passed with the emergency clause. Mr. McGee alone voting no.

The bill will now go to the house and will be referred to judiciary committee No. 1.

Senator Miller secured engrossment of Mr. Beaty's bill providing for the location and establishment of three additional state agricultural and experiment stations under the direction and control of the Agricultural and Mechanical college of Texas, defining the object of such stations, describing how they shall be located and appropriating \$30,000 for the purpose of carrying the act into effect. These stations are to particularly investigate the growing of rice and other cereals.

Mr. Stafford secured the engrossment of his bill requiring counties to furnish their own tax assessment rolls.

The senate committee recommends that the text book measure be made applicable to all cities.

The senate committee on labor reported favorably the double-header bill. Senator Dibrell was not present, but he had already indicated that he would make a minority report. This measure promises to provoke one of the most interesting debates of the session.

The house transacted no business. The session was taken up in debating the addition of names to escort New York business men and the bill prescribing the amount of money candidates may use.

Fatal Gasoline Explosion.

Kansas City, Feb. 7.—Joseph Rodgers, a negro saloon porter, and his wife were burned to death here. Rodgers had been to the grocery store for supplies, and brought home some gasoline in an open pitcher. Near the store was a red hot heating stove. As soon as Rodgers stepped inside, the gasoline in the pitcher exploded and the room was a furnace in an instant. Both Rodgers and wife were dead when the firemen arrived.

NEWS IN BRIEF.

Either Secretary Root, Attorney Richards or P. C. Knox will succeed Attorney General Griggs in President McKinley's cabinet.

MRS. NATION RELEASED.

The Charges for Smashing the Senate Saloon Dismissed.

Topeka, Feb. 7.—The case against Mrs. Carrie Nation for smashing "The Senate" joint was called in the police court this morning. About 100 of Mrs. Nation's followers were present. At the request of Assistant Attorney Beech the charge was dismissed and Mrs. Nation and the women in the courtroom then sang "Nearer My God to Thee." Police Judge Magee managed to stop the singing, but Chief of Police Stahl refused to interfere.

WOULD NOT CLOSE.

Joint Keepers at Topeka Fail to Keep Their Promises.

Topeka, Feb. 7.—"Joints" were closed yesterday aside from a few side doors, and the keepers have promised the city and county officials that they will get rid of their stocks of liquors. Chief of Police Stahl and Sheriff Cook went from place to place Tuesday night warning the "joints" that they must close their places and keep them closed, and all gave their word that they would sell no more liquor. When Mrs. Nation heard this news she showed but little sign of emotion and simply said: "Thank God."

"But do you think this will do any permanent good? Do you think these saloons will stay closed?" was asked her. "I think they will," she replied. "I think they are shut up for good. They will never open again if the women continue to be vigilant."

"How long will you remain in Topeka?"

"Until I am satisfied that I have kept the promise I made last week that I would stay until every joint was closed. Then I will go elsewhere."

While the officials were making the rounds of the joints, Mrs. Nation and her followers were holding a secret meeting in the Congregational church. The fact was known to the "jointists," and the belief that another raid was being planned apparently had weight in their determining to close.

In spite of promises to close, all the saloon proprietors had their places open again last night.

Mrs. Nation announces that she has some plans for future action which will make the "jointists" remember that she is still in the city, but she does not divulge them.

The Home Defenders, which is the organization formed by Mrs. Nation, held another secret meeting to which no one but members with the password were admitted.

OPENING OF PARLIAMENT.

King Edward Decides to Use the Ancient State Coach Whip.

London, Feb. 7.—All doubt as to the nature of the ceremony to be observed at the opening of parliament on Feb. 14 has been set to rest by the official announcement that it has been definitely determined that King Edward will open the first parliament with a full-state ceremonial. The ancient state coach whip which has not been used since the prince consort's death, will be employed and it goes to the coach builders for renovation of its costly panel paintings and gilt embellishments. The precedent of 1886, the last occasion on which Queen Victoria opened parliament in person, has been followed. The entrance will be through the great gates under Victoria tower, the sovereign and his suite passing thence to the robing room. It has a black marble stairway, which for years has been encased in wood. Thence they will go through the gallery and the prince's chamber into the house of lords.

An order for a dress for the peeress has been drawn up, indicating that Queen Alexandra will accompany the king. The peeress is ordered to wear a black costume, with no trains, low cut dress, black feathers on head and veils. No ornaments permitted. The king will wear full robes, perhaps without a crown. All peers will be in court dress and robes and all state officials will be present as in drawing room, except they will wear their robes. The king will occupy the throne and the great officers of state will be grouped around him. It is understood that Sir Arthur Biggs who was private secretary to Queen Victoria, will be appointed private secretary to duke of Cornwall and York.

Georgians Burn a History.

Forsythe, Ga., Feb. 6.—In front of a leading hotel of this town last night a book entitled the "History of the United States," written by an unknown name and printed by an unknown house, was publicly burned in a coffin. Addresses were made by three leading citizens of the town including two ex-judges. The coffin was brought to the funeral pyre by Confederate veterans. The objection to the book lay in the fact that it included the words "rebel," "rebellion" and "insurgents." The speeches were not directed against the northern people, but only against the authors of such histories.

SOME PITHY OBSERVATIONS BY THE SE-
cretary of a Thriving League.

The address of Tom Richardson,
secretary of the Houston Business
League, before the State Commer-
cial association at Austin in part
was as follows:

To be successful, the progressive
commercial organization must have
active officers and directors and
such standing and special commit-
tees as are found necessary to as-
sist in the development of the city
and section of which it is the center.

It is safe not to be in a hurry in
indorsing advertising schemes
which are not confined to the local
papers. When a commercial or-
ganization is behind a convention,
fair, carnival or public event of any
kind, it is bad taste and worse
policy to sell an official program
and then expect the local papers to
boom the event free of charge.

Twenty years of experience in
this character of work has taught
me that more good comes from co-
operation with the local and state
press than from all other sources
combined.

In perfecting a commercial or-
ganization it is dangerous to
promise too much.

Too many meetings are often
more disastrous than none at all,
and every meeting called should be
made a success.

It is popular to abuse the moss-
back element, but be sure you are
right before you take this course,
for the man you can not use today
will be available tomorrow.

Keep your membership dues in-
tact to meet rent and actual in-
cidental office expenses.

Whenever there is a special
event, raise a special fund to meet
it.

Have no one else besides your
salaried officer collect dues, for his
calls upon the members of the
organization for money should be
for those special events in which
he has no pecuniary interest.

Keep your organization out of
politics except in such instances
where the city would be materially
injured if you did not participate.

Experience has taught me that
the secretary of a commercial
organization should avoid too
much publicity. He can strength-
en himself and the interests he
represents by giving the credit to
others and letting others do the
talking for publication.

All bills should be paid month-
ly and should first be approved by
an auditing committee named by
president. Salaries and every
other item of expense should pass
through the hands of this auditing
committee. Checks should be
signed by the president and secre-
tary only after such approval.

As a commercial organization
grows in years, it will find it pro-
fitable to keep in touch with bodies
of a similar character.

Do not be in a hurry to recom-
mend wild cat schemes of any
character. It weakens a commer-
cial organization to become sensa-
tional. It don't pay to be too con-

servative, but conservatism is bet-
than recklessness.

Now to close this brief talk the
greatest good that can be done by
a commercial body is to get the
community thoroughly organized
and do its full part towards cen-
tering public opinion upon such
projects as will be of universal
good to a community.

There is no expense incurred by
the business men and property
holders of a city which pays bet-
ter returns than the money they
put into an effective commercial
organization.

The Longest Word.

"Rob," said Tom, "which is the most
dangerous word to pronounce in the
English language?"

"Don't know, unless it's a swearing
word."

"Pooh!" said Tom. "It's 'stumbled,'
because you are sure to get a tumble
between the first and last letter."

"Ha, ha!" said Rob. "Now, I've got
one for you. I found it one day in
the paper. Which is the longest word
in the English language?"

"Incomprehensibility," said Tom
promptly.

"No, sir; it's 'smiles,' because there's
a whole mile between the first and
last letter."

"Ho, ho!" cried Tom. "that's noth-
ing. I know a word that has over
three miles between its beginning and
ending."

"What's that?" asked Rob faintly.

"Beleaguered," said Tom.—Pear-
son's.

His Accent and His Country.

On one occasion during a visit to
America Michael Gunn, who assisted
Gilbert and Sullivan in bringing out
many of their operas, was trying the
voices of some candidates for the cho-
rus. One of them sang in a sort of
affected Italian broken English. The
stage manager interrupted. "Look
here," he said, "that accent won't do
for sailors or pirates. Give us a little
less Mediterranean and a little more
Whitechapel."

Here Gunn turned and said: "Of
what nationality are you? You don't
sound Italian."

The other suddenly dropped his Ital-
ian accent and in Irish said, "Shure,
Mr. Gunn, I'm from the same country
as yourself."

Military Pomposity.

who had a newspaper in his hand, "is

WILHELMINA MARRIED.

Queen of Holland and Duke Henry Made
Husband and Wife.

The Hague, Feb. 7.—The civil cere-
mony of the marriage of Queen Wilhel-
mina to Duke Henry of Mecklenburg-
Schwerin was carried out at 11:30 o'clock
this morning in accordance with the
programme. Afterwards the procession
for the church was headed by 50 hus-
sars, the bride, bridegroom and the
queen's mother, riding in the golden
state carriage, drawn by eight horses.
They were warmly acclaimed by the
crowds assembled. The church was
reached soon after noon.

The court chaplain, Dr. Van der Vlier,
performed the ceremony.

After the chaplain's address and after
the nuptial benediction had been pro-
nounced, the bride and bridegroom ex-
changed gold rings according to the
Dutch custom and the wedding party
then proceeded to the reception room,
attached to the church where the queen
tenderly embraced first her mother and
then her husband. The queen's mother
too kissed the latter. Then the bride-
groom kissed the bride and his own
mother. Then the newly wedded pair
received the congratulations of their
families and drove to the palace over
the same route they previously traversed.
A wedding breakfast followed.

WILL HELP THE CANAL.

King Edward Does Not Want to Begin
His Reign With Any Dispute.

New York, Feb. 7.—Five hundred
Christian Scientists have made a second
appeal to the assembly committee on
public health to report the Bell bill ad-
versely. In the course of the hearing a
statement was made by Dr. Frank Van
Fleet of New York. He said:

"No one believes nowadays that the
Savior really performed the miracles
that the Scriptures ascribe to him. They
are only meant as illustrations of what
faith might accomplish if strong enough."
The bible account of his so called
cures is merely a series of parables.
Christian Scientists who say they can
cure smallpox by prayer and that this is
what Christ did, are sacrilegious."

Mrs. Laura Lathrop, of New York,
who is one of the best known Christian
Scientists said:

"There are miracles happening every
day if you will only look about you. I
know of a case where a man was en-
tirely bald. By faith and prayer his
hair was restored. Nothing is impos-
sible to Christian Scientists."

MURDERED AND MUTILATED

The Fate of Captain Jones and the Chi-
nese With Him.

New York, Feb. 7.—W. T. Stead in a
dispatch to The Journal from London
says the accession of King Edward may
lead to a pacific settlement of the Ni-
caraguan canal question. The king and
his ministers don't wish to begin the
new reign with a wrangle with Amer-
ica about a question in which no sub-
stantiative British interests are involved.
No serious person cares two straws for
the Clayton-Bulwer treaty, which for
all practical purposes has been for years
dead as a door nail. It is felt that
every consideration of good feeling and
good policy should prompt the ministers
to waive all mere questions of form and
procedure in order to begin the new
reign by a signal act of friendship,
demonstrating the realities of ties which
unite the English speaking world.

DISASTER GROWING.

Hundreds Are Dead from the Petroleum
Fire at Baku.

St. Petersburg, Feb. 7.—It is feared
the fatalities resulting from the great
petroleum fire at Baku will reach into
the hundreds. The full extent of the
disaster, however, is not yet known.
The latest information indicates the fire
has been brought under control.

The Russia's Baku special adds that
the police states 100 large tenements,
500,000 tons of mazout, 350,000 tons of
naphtha and all of the Rothschild reser-
voirs were burned.

While the Tinnouse lake was burning
the mazout caused explosions which
killed many of the spectators.

AGAINST THE BELL BILL.

Christian Scientists Are Working Hard
Against That Measure.

Victoria, B. C., Feb. 7.—At last word
has been received as to how Captain
Walter F. Jones died. Letters to Capt.
Wingate at Pekin say he and the Chi-
nese with him have been massacred on
the borders of Mongolia, 250 miles from
Pekin. The Chinese mutilated and
burned the bodies.

Japanese papers published an inter-
view with Prince Konoyo to the effect
that Japan must resist Russia being al-
lowed to remain in Manchuria, as with
that power in northern Chinese prov-
inces Korea would be at its mercy.

The ship Sea Witch has been de-
stroyed by fire at Manila and some of
the crew are suspected of incendiarism.

Coming With Protest.

San Juan, Feb. 7.—Vincent Balbas,
William Borda and Commissioners Hal-
stead and Newman, who were appoint-
ed at a mass meeting of planters last
Saturday to go to Washington to protest
against the Hallender law, have sailed
for the United States.

Chinese Freezing.

Canton, Feb. 7.—Intensely cold weath-
er is prevailing, causing widespread suf-
fering. There has been over 100 deaths
here from cold.

Smallpox at Glasgow.

Glasgow, Feb. 7.—Thirty-three new
cases of smallpox were reported today.

Health and Beauty

For generations women have been
taught that "beauty is only skin deep,"
but, like many proverbs, that will not stand.
Beauty is blood deep. There can be no
beauty without health. Our grandmothers
lived closer to nature than we do, and they
were so sheltered by their home life that
health and beauty were theirs naturally.
Skin foods, freckle lotions and face bleaches
were unknown commodities. But there has
been a great change in the life of women
since then. With broader education and
larger opportunities, she has developed
mentally at the expense of her health. From
the quiet duties of home she has gone forth
until now we find her in many avocations of
life, which prove too great a tax on her
vitality. How sad it is to see the cheek
robbed of its color and the eye of its fire.
These symptoms nearly always show de-
rangements in the delicate feminine organ-
ism. They don't call for bleaches or paints
or powders, but for a remedy that will make
the afflicted organs strong and well. Wine
of Cardui is just such a remedy. Women
broken in health and spirit have been made
healthy and happy by this Wine. No one
should give up to the "blues" until this reliable remedy has been tried. It has
proven a blessing to other women and will not disappoint you. It brings that
buoyancy of spirit, elasticity of step and lightness of heart which is the corner
stone of beauty. A healthy woman is always beautiful.

Westville, February 4, 1899.

I feel that I must say a few words in praise of the Ladies' greatest friend,
Wine of Cardui. It is the most wonderful remedy that I ever tried. I have been a
sufferer for years, at times being confined to my bed two or three days each month.
A friend recommended Wine of Cardui, and since I have taken it I have been
greatly relieved. I intend to continue to take it, for I know it is as recommended.
I will use every effort to get others to use it. Mrs. MARY E. COOLEY.

Members of Brazos Lodge Tender their Hall to the Business League.

The following correspondence indicates the liberal, highly commendable and helpful spirit with which the Knights of Pythias regard the Bryan Business League and the effort to build up the town and promote every legitimate enterprise:

To the Bryan Business League, Bryan, Texas, Gentlemen:—The officers and members of Brazos Lodge No. 64, Knights of Pythias, extend a cordial invitation to your honorable body to meet in our lodge room the second or fourth Tuesday night of each month, also to meet at any time during the day.

With best wishes for success, which you deserve, we are, yours truly,

J. B. Stevenson,
Joe B. Reed,
Paul Bradley,
Committee.

Brazos Lodge No. 64, K. of P., Bryan, Texas, Gentlemen:—I have the honor to inform you that at a called meeting of the Bryan Business League your very generous invitation in regard to the League meeting in your hall was read and unanimously and thankfully accepted.

The members of the league believe that they understand and appreciate the broadness and liberality of the spirit shown by your invitation. We cannot refrain from expressing our gratitude and admiration at this exemplification of Pythian helpfulness, and it has been a peculiar pleasure to make your invitation a part of the League's official record. Yours very truly,

F. M. Law, Jr.,
Secretary Bryan Business League.

A couple of weeks ago the Examiner and Review contracted to carry advertising matter for a medicine concern; the ad was inserted Jan. 31. John D. Quinn was the druggist to handle the stuff. Saturday afternoon the druggist asked that the ad be lifted until the medicine arrived, as he didn't like to turn customers away. The advertiser didn't know the quick action of these two papers. —Navasota Examiner.

The Eagle contracted with the same concern and had a similar experience with the Wilson-Jenkins Drug Company, where a run was made for free samples advertised before their arrival.

Mr. Cliff A. Adams returned from Austin last night and stated that the I. & G. N. consolidation bill, by which that road absorbs the C. W. & B. V., was passed by the legislature yesterday. WASHINGTON NEWS.

The Senate Making Progress Now Necessary Bills.

TO PUNISH HAZING.

A Clause Added to the Military Bill Making Expulsion the Penalty. Ship Subsidy Bill Debate at the Night Session.

Washington, Feb. 7.—Two important measures were disposed of by the senate yesterday in the passage of the military academy bill and the war reduction measure. During most of the afternoon session the war revenue reduction bill was before the senate.

An amendment was placed in the military academy bill prohibiting hazing and making the penalty expulsion.

At 8 o'clock last night the first of the promised series of night sessions was held to discuss the shipping bill. The entire session was devoted to a continuance round of intellectual pyrotechnics. Practically every question that has been or is likely soon to be before the senate, was discussed but very little time was devoted to the pending measure.

Notable speeches were made by Mr. Jones of Arkansas and Mr. Aldrich of Rhode Island. The Arkansas senator was passionate in his denunciation of the methods of the majority to force the shipping bill to an issue and Mr. Aldrich's response was quite as keen and vigorous in their defense.

From a spectacular point of view the session was interesting and the sharp colloquies and snappy speeches were hugely enjoyed by those on the floor and by the large crowds in the gallery.

The debate on the postoffice appropriation bill consumed another day in the house. About two hours were occupied by Chairman Loud of the post-office committee and member of the postal commission, in the discussion of the subject investigated by it. The remainder of the session was occupied in debate upon the three subjects, pneumatic tubes, special mail facilities and railway mail pay.

Mr. Burke of Texas and Mr. Williams of Mississippi opposed the appropriation for special mail facilities to the south. Mr. Swanson of Virginia defended the appropriation and Mr. Cowherd of Missouri championed the appropriation for special facilities between Kansas City and Newton, Kas. It was agreed before adjournment that the debate should close today at noon, when the vote should be taken upon the several amendments which are pending.

Pension Bill Passed.

Washington, Feb. 7.—The senate has passed the pension appropriation bill.

Presidential Nominations.

Washington, Feb. 7.—The president has sent the following nominations to the senate:

Carroll D. Wright of Massachusetts, to be commissioner of labor.

Oscar Malmors of Minnesota, to be consul at Colon, Colombia.

Edward P. Seeds of Iowa, to be deputy auditor of the war department.

The following Texas postmasters were appointed: John M. Moody at Plano, Sidman J. Overton at Alice, Thomas H. Danforth at Goliad and William S. Strain at Lancaster.

MAY SUCCEED MILES.

Rumors Say Corbin Will Be Advanced Over Several Army Officers.

Washington, Feb. 6.—Adjutant General Henry C. Corbin is in the list of men who may command the army with rank of lieutenant general. Upon the retirement of Major General John R. Brooke, he will become the ranking major general and while the question of his appointment will not be considered until after the retirement of Lieutenant General Miles, the impression is gaining ground in the war department circles that this event will occur Aug. 8 next, when General Miles will reach the age of 62 years.

Friends of General Corbin say he has no wish to succeed General Miles, but rather thinks the appointment should go to Major General E. S. Otis, as a reward for his services in the Philippines. But on the retirement of Gen. Otis on March 25, 1902, General Corbin will be ranked by only one officer—Major General Brooke, who will retire on July 21, 1902.

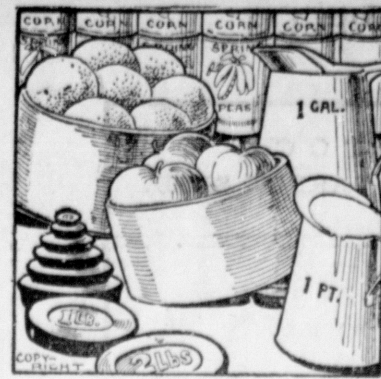

General Corbin will not retire until Sept. 15, 1900, and should the president not appoint him until General Brooke's retirement he would have more than four years to serve in command of the army. If General Corbin receives the high honor his friends bespeak for him, neither Major General Young nor Major General Chaffee will be able to reach the highest military grade.

Shooting in Smith County.

Tyler, Tex., Feb. 6.—T. Y. Shockley was shot near Lindale, the lead taking effect in his stomach. J. L. Glascock surrendered to the officers, and upon waiving an examining trial was placed under \$500 bond. Shockley is dangerously wounded. Both men are prominent citizens.

Big Money for Hogs.

Milford, Tex., Feb. 7.—J. E. Davis shipped 1418 head of hogs from Milford in January, for which he paid the farmers of this community over \$10,000.

RAILROAD RUMORS.

Another Great Combination Is Re-
ported from Wall Street.

NEW LINE TO PACIFIC

It Is Said the Rock Island, the Denver
and Rio Grande and Rio Grande
Western Have Consolidated.
Other Combinations.

New York, Feb. 7.—More railway
combination rumors are current here.
One is that the Rock Island, the Denver
and Rio Grande and the Rio Grande
Western are to be consolidated, in con-
nection with Senator Clark's Salt Lake
and Los Angeles line. Not long ago a
story of a consolidation of the Rock Is-
land with the Atchison, Topeka and
Santa Fe was started, but it received
little credence.

It has just been reported that nego-
tiations have resumed for consolidating
the Iowa Central and the Minneapolis
and St. Louis railways. This rumor is
a revival of an old report. Other ru-
mors revived are that the Illinois Cen-
tral and the Rock Island are both seek-
ing to gain control of the Minneapolis,
St. Louis and Iowa Central roads. The
immediate prospect of a combination of
the Lackawanna and Wabash railways
is also reported.

The rumor was caused by the present
activity of Wabash securities. The Van-
derbilts, as well as the First National
bank interests, are large holders of
Lackawanna stock. The Wabash would
be a convenient outlet to Chicago for
the Lackawanna, whose present western
terminus is Buffalo.

No action has been taken here on the
question of a dividend on the common
stock by the board of directors of the
Atchison, Topeka and Santa Fe railway
and none is expected, as it is pretty
generally understood that this matter
will be deferred until the June meeting
of the company.

After the meeting it was stated that
only routine business had been trans-
acted, but it was ascertained from a
thoroughly reliable source that among
these routine matters was the authoriza-
tion by the directors a further issue of
a \$5,000,000 general mortgage for 5 per
cent bonds. For what purpose these
bonds are to be issued could not be as-
certained, as no direct statement con-
cerning them was obtainable. Under
the terms of the general mortgage of the
Atchison road general mortgage bonds
can only be issued at the rate of \$3,000,-
000 in any of the new construction and
betterments and additional rolling stock
of which not more than \$750,000 shall
be for extensions and under the original
reorganization plan \$3,000,000 for the
bonds were reserved for this purpose.

Bonds were reserved to the total ag-
gregate for all purposes of \$68,500,000,
of which the principal sums were \$15,-
500,000 for the acquisition and redemp-
tion of guarantee fund notes, car trust
obligations and equipment bonds by
\$20,000,000 for the acquisition and im-
provement of other roads, and \$30,000,-
000 as already stated for construction,
betterments and additional rolling stock.
For just which one of the above pur-
poses the new \$5,000,000 of bonds was
issued, is as stated as yet unknown, but
it is not believed to be for taxation, bet-
terments or rolling stock, for an issue
for that purpose is limited to \$3,000,000
annually.

Denial from President Purdy.

Chicago, Feb. 7.—President Purdy of
the Chicago, Rock Island and Pacific
railroad makes absolute denial of the
report circulated in Wall Street that the
Rock Island system had acquired a con-
trolling interest in the Mexican Central
railroad. "There is nothing at all in
that report," said President Purdy. "No
such action is contemplated."

Another Railroad Rumor.

Nashville, Feb. 7.—There is a well
founded rumor that the Tennessee Cen-
tral has bought the Nashville and Knoxville
railroad, which if true, will bring the
Tennessee Central within 30 miles
of Nashville. President Baxler of the
Tennessee Central is not in the city, and
the secretary of that road refuses to con-
firm or deny the rumor.

Plea for Constitutional Convention.

St. Louis, Feb. 7.—The nonpartisan
commission of public welfare has adopted
a resolution advocating the holding of
a constitutional convention for the
purpose of amending the state constitu-
tion in such a way that certain sections,
which act to the detriment of St. Louis,
be changed. Amendments are proposed
that will give the city a new charter
and the right to levy additional taxes
and issue bonds.

Want Salt Trade of England.

London, Feb. 7.—The visit of R. W.
White of the National Salt company to
England is reported to be in connection
with the closing of a deal by which the
American company will be largely en-
abled to control the salt business of the
United Kingdom.

Serious Railroad Wreck.

Greenville, Pa., Feb. 7.—While run-
ning at a high speed passenger train
No. 5 on the Erie railroad was wrecked
near here. Five passengers were killed
outright and ten injured.

Broke Out Among Hussars.

London, Feb. 7.—Smallpox has broken
out among the Thirteenth hussars at
Norwich.

TEXAS POPULATION.

Census Bureau Gives Out More Details
as to the Returns.

Washington, Feb. 7.—The census bu-
reau has given out its bulletin giving
the statistics of Texas by minor civil
divisions. The population of the state
in 1900 is 3,048,710, as compared with
the population in 1890 of 2,235,523,
showing an increase during the last 10
years of 813,187, or 36.4 per cent.

In 1850, nearly five years after Texas
was admitted as a state, its population
was 213,592; in 1860 it had increased to
604,215, or 184.2 per cent. In the decade
following, the increase was only 35.6
per cent, but in the next 10 years, from
1870 to 1880, the population was nearly
doubled, and at each succeeding census
the numerical gain has been large.

The population of Texas in 1900 is
more than 14 times as large as that given
for 1850, the first census in which the
population of the state appeared.

The total land surface of Texas is ap-
proximately 263,290 square miles. The
average number of persons to the square
mile at the census of 1890 and 1900 be-
ing as follows: 1890, 8.50; 1900, 11.6.

The average number of persons to the
square mile in North Carolina is 39.
When Texas attains the same density
of population as exists in North Caroli-
na the population of the state will be
over 10,200,000. If she ever should at-
tain the density prevailing in Massachu-
setts the population would be 91,000,000.

NASH IS DETERMINED.

Has Power to Spend Fifty Thousand Dol-
lars to Stop the Cincinnati Fight.

Columbus, Feb. 7.—At the request of
Governor Nash the state emergency
board has authorized him to incur any
expense necessary, not exceeding \$50,-
000 in the use of the state militia, if
necessary, to prevent the proposed
Jeffries-Ruhlin prize fight, billed to
take place in the Saengerfest hall in
Cincinnati Feb. 15. The request was
granted by a unanimous vote of the
fiscal committee, chairman of the two
houses of the general assembly, the state
auditor and the governor.

It is possible that none of this will be
needed in case the courts should enjoin
the fighters and even if it becomes nec-
essary to use the militia it will hardly
be necessary to call out more than one
regiment and that will not entail any-
thing like \$50,000 in expenses.

This movement on the part of the
governor leaves no question about his
intention to use the militia arm of the
state if the law fails to prevent the
fight. He had never said explicitly that
he would use the militia.

The governor expressed himself the
other day as believing that the execu-
tive has no power to call out the mil-
itia without a request from the sheriff or
the mayor and it is believed that he has
arranged with the Sheriff Taylor of
Hamilton county that he shall call for
the troops in case it is necessary to stop
the fight.

WRECKING DRUG STORES.

Dowie Women Play Havoc With Some
Stores at Chicago.

Chicago, Feb. 7.—Crying out that
drugs were the agents of the devil, a
half dozen women followers of Dowie,
the faith cure healer, followed the ex-
ample of Mrs. Nation here last night and
wrecked a number of drug stores on the
West Side. In some instances there
were hand to hand fights with the
druggists. Armed mostly with pitch-
forks, umbrellas and canes, the women
came out the victors in nearly every
encounter and succeeded in destroying
property everywhere they went.

The women, in a well organized band
were of middle age and well dressed.
Most of them wore automobile coats, un-
der which they concealed their imple-
ments of destruction while on the
streets.

Their last attack was a failure. A
proprietor drove the women from his
place at the point of a revolver.

PRISONERS MURDERED.

Two Negroes Shot to Death by a Mob
in Florida.

Dade City, Fla., Feb. 7.—Will Wright
and Sam Williams, negroes, charged
with being implicated in the killing of
Dan Childers and the wounding of J.
B. McNeely, both white, at Rice &
Phelps' camp on Jan. 26, were killed in
the county jail here by a mob of 50 men.

After the sheriff refused to give up
the keys to the county jail the lynching
party succeeded in breaking through the
outer walls, but could not break
through the steel cells. They then
opened fire on the two prisoners through
the steel bars. Williams was almost in-
stantly killed and Wright was fatally
wounded and died a few hours later.

The coroner's jury at the inquest held
returned a verdict that the two men
had been killed by parties unknown to
the jury.

Chinese Condolence Ambassador.

London, Feb. 7.—The Chinese min-
ister here, Sir Chih Chen Lo Feng Luh,
has been officially informed that Em-
peror Kwang Su has appointed Chang
Peh Hi, president of the censorate, as
ambassador to offer libations at the
tomb of Queen Victoria and convey to
the king condolence and congratulations
to King Edward VII.

Contract for Grading.

Dallas, Feb. 7.—G. Van Ginkle, vice
president of the Twin City Union Rail-
ways company, announces that this
company was ready to let at once the
contract for all the grading between
Dallas and Fort Worth necessary for the
construction of its interurban road.
"This road is an assured fact," he said.
"Rails and ties will soon be here."

DAN J. FORD, PROP.

The Story of a Mean Man.

This is the story of a mean man. He
may not be the meanest on record, but
he carries a very fair brand of close
fistedness. He had a contract to sup-
ply a certain amount of crushed stone.
The machine he used could turn out all
the work he could get by running eight
hours a day.

The mean man had an engineer who
was a genius. The genius went to his
employer one day and said he thought
he could make some improvements in
that machine so it would do more work
in less time. The genius was paid by
the month.

He worked on the machine for several
days, taking it apart and putting it
together again. When reconstructed,
it proved to have greater efficiency
than before, so much so that it did the
same amount of work in one minute
and a half that it used to take four
and a half to do.

The mean man, however, could get
no more contracts than before. He
could fill all his orders by running
about three hours a day. The mean
man then went to the genius and said:

"See here, Henry, I've been paying you
by the month, but there isn't as
much work as there used to be—not
enough to keep you busy. I shall have
to pay you by the hour after this."

Henry demurred. He had been too
faithful, but he didn't think that ought
to reduce his earnings over one-half.
His employer was firm, however, and
Henry resigned.—New York Mail and
Express.

A Fetching Compliment.

She was not from Chicago.
"Do not anger me," she said.
"How am I to know when you are
angry?" he asked.

"I always stamp my feet," she an-
swered.

He looked down at her dainty shoes.
"Impossible," he said. "There isn't
room for a stamp on either of them."
That fetched her.—Cleveland Plain
Dealer.

Pat's Retort.

An Irishman passing a store in Lon-
don saw nothing inside but a man at
a table. The thing struck him as being
very odd, so he went in and inquired
what was sold there. "Asses' heads,"
said the man at the table. "They must
be in great demand," said Pat, "for I
see you have only your own left."

My pasture will be open by Febru-
ary 15, with all fences in good
shape. Pasture 50 cents per month
until further notice. Parties having
their own cattle driven to and from
pasture will be supplied with a key
to gate lock on application to me.
